CALM
AND
FOCUS ON
QUALITY**

Committee

Chairman: Yenny Surjawan

Treasurer: Sri Paulani

Secretary: Thyrza L. Darmadi

Event Organizer, Publication & Documentation: Krist Haksa

Scientific: Noventy Febrina & Tjan Sian Hwa

Funding: Theresia Roesli & Ellis Susanti

HIMPUNAN KIMIA KLINIK INDONESIA
INDONESIAN ASSOCIATION FOR CLINICAL CHEMISTRY

In cooperation with

QUALITY AND LABORATORY MANAGEMENT SEMINAR

**Assuring The Quality Of Total Laboratory Cycle
And Laboratory Cost Ownership**

SKP IDI

SKP PATELKI

Saturday, September 30th, 2017
Borobudur Hotel, Sumba Room, 3rd floor

AGENDA

- 7.00 - 7.40 Registration
- 7.40 - 8.00 Opening
- 8.00 - 10.00 **Session I: Laboratory Cost Analysis, Pre-analytic, and Analytic Quality Monitoring**
- 8.00 - 8.30 Total Cost Ownership (Patrick Gontard, CEO & Founder of Citilab and LabExa)
- 8.30 - 9.00 Monitoring Quality in Pre-Analytical Phase (dr. Thyrza L. Darmadi, SpPK)
- 9.00 - 9.30 Sigma Implementation in Analytical Phase and Its Benefit (Noventy Febrina, S.Si)
- 9.30 - 10.00 Discussion
- 10.00 - 10.30 Break & Snack
- 10.30 - 12.30 **Session II: Post Analytic: Add Values to Laboratory Result**
- 10.30 - 11.00 Interpretative Comments to Improve Patient Management
(Dr. dr. Yenny Surjawan, SpPK)
- 11.00 - 11.30 Laboratory Result Validation (dr. Tjan Sian Hwa, M.Sc, SpPK)
- 11.30 - 12.00 Developing Rules for Automatic Released of Result
(dr. Robert C. William Hawkins, Tan Tock Seng Hospital, Singapore)
- 12.00 - 12.30 Discussion
- 12.30 - 13.00 Lunch Symposia I
- 13.00 - 14.00 Break and Lunch
- 14.00 - 14.30 Lunch Symposia II
- 14.30 - 15.30 **Session III : Case Studies** (Prof. dr. Marzuki Suryaatmadja, SpPK (K))
- 15.30 - 16.00 Discussion & Closing
- 16.00 - 17.15 **RTD: self assessment for MIHYC participants (BY INVITATION ONLY)**
- 16.00 - 16.15 Pre Analytical Self-Assessment (dr. Tjan Sian Hwa, M.Sc, SpPK)
- 16.15 - 16.45 Implementation of Pre Analytical Self Assessment (representative of MIHYC participant)
- 16.45 - 17.15 The "What and How" of Pre Analytical Self Assessment (Cepi Ukman Sukmawijaya, BD)
- Closing

There are more "P" errors than "A" errors, therefore many laboratories put a higher priority on pre- and post- analytic errors than on analytical errors. Then, which improvement should be made first? It should be "all three at once" because no error is worse than the other.

	EARLY BIRD	After August 15th 2017
	Before August 15th 2017	(No on-site registration)
HKKI Member	Rp 750.000,-	Rp 850.000,-
Non-HKKI member	Rp 900.000,-	Rp 1.000.000,-
